

Size of Problems

Wind

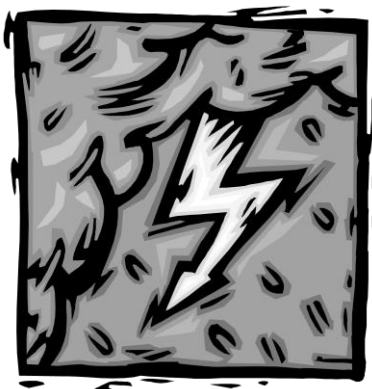

A tiny problem. This is something that's "no biggie" – no big deal. You can handle these problems on your own.

Rain

A small problem. Some rain problems you can solve on your own and some you need an adult for.

Thunderstorm

A medium problem. You need an adult to help with thunderstorm problems

Tornado

A BIG problem! A tornado-sized problem means there is an emergency. Someone may even be in danger.
